Hard Skill

- C ,C++ language,DSA
- HTML, CSS, JavaScript
- Git and GitHub,My SQL
- Eagle, QCA Design
- Matlab

Soft Skill

- Observation
- Decision making
- Communication
- Multi-tasking

Education

Btech in IIIT Sricity

Batch:2021-2025

Branch:ECE

CGPA:8.3

❖ Projects

- Property and Event Management System

Using Concepts of oops in c++ and MySQL

The Property and Event management system is to manage the details of Sellers, Approvals, Property Type, Property, Registrations, Sellers,Events, Types of Event. The project is totally built at administrative end and thus only the administrator is guaranteed the access. The purpose of the project is to build an application program to reduce the manual work for managing the Events, Sellers, Approvals, Buyers, Property Type. It tracks all the details about the Property Type, Property, Registrations, Types of Events.

- Built **AMAZON CLONE** using HTML and CSS
- Built **NETFLIX CLONE** using HTML and CSS
- Designed **Simon game** using HTML ,CSS and Javascript

The game consists of four colored buttons, each producing a particular tone when pressed. The game randomly generates a sequence of tones and lights, and the player must replicate that sequence by pressing the buttons in the correct order. If the player succeeds, the sequence gets longer and more complex. If the player makes a mistake, the game ends.

- Designed **To Do App** using HTML,CSS and Javascript

It designed to help users manage tasks ,add their schedules.

❖ Experience

- Served as a Student Academic Council.
- Participated in “**Go green with IOT**” conducted by IIIT Sri city (Conexion team).
- Participated in “**Gizmocon**” conducted by IIIT Sri city (Conexion team).
